

Wisconsin Department of Corrections

Governor Scott Walker | Secretary Jon E. Litscher

Office of Detention Facilities

December 28, 2017

Superintendent David Steinberg La Crosse County Juvenile Detention Facility 300 Fourth Street North La Crosse, WI 54601

RE: 2017 Annual Jail Inspection

Dear Superintendent Steinberg:

On October 19, 2017, the annual inspection of the La Crosse County Juvenile Detention Facility was conducted pursuant to WI Statute 301.37(3). The inspection compared the facility and its operation to applicable state statutes and Department of Corrections' Administrative Code Chapter DOC 346. This report summarizes my findings, including the progress made following the 2016 inspection, any statute or administrative code violations, physical plant and maintenance issues, and an overall summary of facility operations. The inspection worksheet is attached to this report and includes detailed inspection results.

On the day of the inspection, there were eight juveniles in custody in the facility.

Progress following the 2016 Inspection

- Outdoor recreation area was completed and approved.
- Three new full-time and two new part-time employees were hired.
- Moving forward with new beds, desks, and towel hangers.
- In process of covering cell bars with Plexiglas to minimize suicide attempts.

Goals and Initiatives

- Complete the installation of new composite beds and desks.
- Complete the installation of the Plexiglas to the cell bars.
- Paint the facility, including all living areas.

Summary of Jail Operations

I met with the administrative, security, healthcare, and food service staff to conduct the annual inspection. The site visit included a review of facility records and documentation as well as a walkthrough of the detention areas. The attached checklist details my findings as they relate to the Department of Corrections Administrative Code Chapter DOC 350 and applicable State Statutes.

A large amount of programming is made available to the juveniles during their stay at the facility. Educational services are provided by three full-time teachers, two part-time teachers, and one full-time teacher's assistant. The full-time therapist enhances overall therapy services, as well as reviewing assessments of those with noted suicide risks. The outdoor recreation was also a big addition this year and appears to be going very well.

In summary, the overall appearance of the facility was in good condition. After a walkthrough of the detention areas, there were no repetitive complaints from inmates regarding conditions of confinement or staff supervision. The staff is to be commended for the overall positive climate and their observed professional interaction with juveniles.

Violations

• There were no violations of administrative code observed on the day of inspection.

Approval

The La Crosse County Juvenile Detention Facility is approved by the Department of Corrections to hold juvenile offenders with the maximum capacity of 26. This approval is contingent on the continued compliance with all applicable state statutes and administrative codes.

If you have any questions regarding the inspection results summarized in this letter and found in the inspection worksheet attached or if I may be of any assistance regarding correctional matters, please contact me.

Sincerely,

Brad Hoover

Detention Facilities Specialist

cc: Kristi Dietz, Director-ODF

CELLS:

DOC-2770 (10/2015)

- Except if s. DOC 346.15 applies, all cells for juveniles in a facility shall be designated and used for single occupancy only.
- Unless s. DOC 346.15 applies, cells shall have minimum floor area of 35 square feet of unencumbered space. The distance between the floor and ceiling may not be less than 8 feet and the distance between opposite walls may not be less than 6 feet.
- Unless s. DOC 346.15 applies, each cell shall have all of the following:
 - 1. A rigidly constructed metal bed with the frame bracketed to the wall or bolted to the floor or a bed built in masonry construction of a similar strength.
 - 2. An unbreakable, institution-type mirror.
 - 3. A detention strength, metal, institution-type wash basin and toilet. The wash basin and toilet may be combined in one unit. The wash basin shall have hot and cold running water.
 - 4. A rigidly constructed shelf-type table and seat which are bracketed to the wall or bolted to the floor.
 - 5. Unless s. DOC 346.15 applies, 2 or more non-removable, collapsible, detention strength clothing and towel hooks.
 - 6. Light fixtures of detention strength and providing at least 30 foot candles at 30 inches above the floor. Lights shall have a dimming capability or there shall be a nightlight to allow for comfortable sleeping. There shall be enough illumination for observation of juveniles during security checks.
- There shall be no exposed heating pipes, radiators or controls in cells.
- There shall be a release system designed to unlock cell doors individually and as a group from a single point outside the confinement area

COMPLIA	ANCE	VER	IFICATION		
	Meets standard		Policy and procedure manual review	\boxtimes	Previous compliance documented
	Needs improvement		Sample of facility records reviewed		Other (specify):
	Non-compliant	\boxtimes	Sight confirmation by inspector		
	Not reviewed	\boxtimes	Verbal confirmation by facility staff		

Comments: The La Crosse County Juvenile Detention Center is approved for double celling but chooses not to double cell, so each juvenile gets their own cell and bunk.

DORMITORIES:

- A juvenile detention facility may use dormitories in addition to cells for the secure detention of juveniles.
- Each dormitory shall be designed for a minimum of 3 and a maximum of 8 juveniles.
- If a juvenile detention facility contains one dormitory, it shall have a minimum of 2 cells designed and used for single occupancy.
- If more than one dormitory is built, the number of dormitory beds may not exceed 50% of the rated bed capacity of the juvenile detention facility.
- If, based on all the criteria under s. DOC 346.10, a juvenile detention facility determines that placement of a juvenile in a dormitory may jeopardize the health or safety of the juvenile, other juveniles in the facility, staff or the community, the juvenile may not be placed in a dormitory.
- Each dormitory shall have all of the following:
 - A minimum combined sleeping area and adjacent day room space of 70 square feet per juvenile based on rated bed capacity of the dormitory, excluding toilets, showers and lavatories.
 - A minimum floor to ceiling height of 8 feet.
 - Non-locking doors on sleeping rooms, if separate sleeping rooms are provided. 3.
 - 4. Unrestricted physical access to the day room, lavatories and toilets.
 - A rigidly constructed metal bed with the frame bracketed to the wall or bolted to the floor for each juvenile based on the rated bed capacity of the dormitory.
 - 6. For facilities constructed or substantially remodeled after November 1, 2010, all upper bunks equipped with an anti-rollout plate.
 - 7. Detention strength washbasins and toilets.
 - 8. Unbreakable, detention strength mirrors sufficient for the number of juveniles confined.
 - 9. Detention strength tables and seating in the day room based on the rated bed capacity of the dormitory.
 - 10. Two non-removable, collapsible, detention strength clothing and towel hooks for each juvenile confined based on the rated bed capacity of the dormitory.
 - 11. Detention strength light fixtures that provide at least 30 foot candles at 30 inches above the floor. Lights shall have a dimming capability or there shall be a nightlight to allow for comfortable sleeping. There shall be enough illumination for observation of juveniles during security checks.

DAY ROOM:

DOC-2770 (10/2015)

- Each day room shall have all of the following:
 - 1. A minimum floor area of 35 square feet for each juvenile based on the rated bed capacity of the adjacent group of cells. In addition, each day room shall have a minimum of 70 square feet of unencumbered space.
 - 2. Detention strength light fixtures that provide at least 30 foot candles at 30 inches above the floor.
 - 3. Adequate furnishings and equipment for leisure time activities as required under this chapter.
 - 4. Detention strength tables and seating based on the rated bed capacity of the adjacent cells.
- There shall be in the day room no exposed heating pipes, radiators or controls which are accessible to juveniles.

DOC 346.15 Double Celling.

- ♦ A juvenile detention facility may use cells for double occupancy. This section does not apply to a juvenile portion of a county jail.
- ♦ If a juvenile detention facility determines, based on all the criteria under s. DOC 346.10, that placement of a juvenile in a double cell may jeopardize the health or safety of the juvenile, other juveniles in the facility, staff or the community, the juvenile may not be placed in a double cell. If a juvenile detention facility determines based on all the criteria under s. DOC 346.10 that placement of 2 particular juveniles in a double cell may jeopardize the health or safety of either juvenile, other juveniles in the facility, staff or the community, those juveniles may not be placed together in the double cell.
- In addition to the requirements for single occupancy cells under s. DOC 346.14 (2) and before a cell may be used for double occupancy, all of the following conditions shall be met.
 - 1. Minimum floor area
 - In juvenile detention facilities which were constructed or substantially remodeled between October 1, 1994 and November 1, 2010, a cell shall have a minimum floor area of 70 square feet. The distance between the floor and ceiling may not be less than 8 feet and the distance between opposite walls may not be less than 6 feet.
 - ♦ In juvenile detention facilities which were constructed before October 1, 1994 and have not been substantially remodeled after October 1, 1994, a cell shall have a minimum floor area of 54 square feet. The distance between the floor and ceiling may not be less than 8 feet, and the distance between opposite walls may not be less than 6 feet.
 - In juvenile detention facilities which are constructed or substantially remodeled after November 1, 2010, a cell shall have a minimum floor area of 70 square feet of unencumbered space.
 - 2. Receiving cells. Receiving cells may not be used for double occupancy.
 - 3. Single occupancy cells. Each juvenile detention facility shall maintain a minimum of 2 cells which are designed and used for single occupancy only.
 - 4. Double occupancy cells. A juvenile detention facility may not exceed 75% double occupancy of the total number of cells, excluding receiving cells and holding rooms.
 - 5. Clothing hooks. Each cell shall contain a minimum of two non-removable, collapsible, detention strength clothing and towel hooks for each occupant.
 - 6. Anti-rollout plates. For facilities constructed or substantially remodeled after November 1, 2010, all upper bunks shall be equipped with an anti-rollout plate.

inspection.

DOC 346.47 Discipline. The operational plan under s. DOC 346.04 shall contain policies and procedures relating to discipline of juveniles, including all of the following components.

- At the time of admission, each juvenile shall be notified verbally and provided with a copy of the rules of behavior required in the facility and the potential disciplinary actions imposed for violation of the rules. Copies of the rules shall be posted in conspicuous places.
- Documentation of a rule infraction and any disciplinary action shall be made part of the juvenile's record as required under s. DOC 346.06.
- Disciplinary action shall be determined on an individual basis. Group discipline for the misbehavior of one juvenile is prohibited.
- ♦ No juvenile may be given authority over another juvenile or be involved in taking disciplinary actions against another juvenile.
- The following sanctions shall be allowed as disciplinary actions:
 - Cell confinement, except that cell confinement for 6 hours or more shall not occur unless the juvenile is first given a
 disciplinary hearing in accordance with s. DOC 346.48. Supervisory personnel shall review cell confinement of less than 6
 hours.
 - Restriction of privileges, including use of radio, television, leisure time materials or canteen, provided that procedures under sub. (6) are followed. Restriction on opportunities for religious worship, food or special dietary requirements, sleep, access to attorneys, courts, legislators, mental health personnel or social workers, and basic health and sanitation requirements is prohibited.
 - 3. Restriction of family visits, telephone, education, non-privileged mail and exercise when the restriction is directly related to a violation of rules concerning these activities, provided that the procedures under sub. (6) are followed
- A juvenile's privileges may be restricted for a rule violation after the juvenile is given an opportunity to explain the circumstances of the alleged violation. A supervisor shall review the rule violation and restriction within 24 hours. The supervisor's review shall include an opportunity for the juvenile to explain the circumstances of the alleged violation.
- A juvenile may not be disciplined by corporal or unusual punishment, intentional humiliation, mental abuse, interference with the daily functions of living, the use of chemical agents, the use of restraints such as handcuffs or shackles, or by placement in a cell designed for the administrative or disciplinary segregation of adults.

Comments: There are facility policy a	nd procedures in place regarding discipline.						
 DOC 346.48 Disciplinary Hearings. The operational plan under s. DOC 346.04 shall contain policies and procedures relating to disciplinary hearings, including all of the following components: Whenever cell confinement of 6 hours or more is proposed as a disciplinary measure, the juvenile shall be given a disciplinary hearing. Notice of the hearing and specific charges shall be given at least 12 hours prior to the hearing unless the notice is waived by the juvenile. The juvenile shall be advised of the following rights. 1. The right to request the presence of available material witnesses. 2. The right to have the facility provide a staff advocate or adequate substitute to assist the juvenile in responding to the charges. The disciplinary hearing shall be held before an impartial hearing officer or committee within 24 hours of receipt of the written notice by the juvenile. At the hearing, the juvenile or the juvenile's representative shall be entitled to call witnesses and present documentary evidence which are material to the determination of the facts of the alleged violation. No later than 24 hours after the hearing, the hearing officer shall issue a written decision and instructions for possible appeal to the superintendent. A juvenile may waive the right to a disciplinary hearing in writing at any time. A waiver does not constitute an admission of the alleged violation. A juvenile may appeal the decision of the hearing officer to the superintendent within 24 hours of receipt of the decision. The superintendent shall issue a written decision no later than 24 hours after receipt of an appeal under sub. (6).

DOC 346.49 Control. The operational plan under s. DOC 346.04 shall contain policies and procedures for the control of juveniles, including all of the following components:

- ♦ Cell confinement
 - 1. If a juvenile's behavior presents a serious risk of harm to self or others or if a juvenile presents a serious risk to security, the juvenile may be confined to his or her own cell for purposes of control and shall be referred to health care professionals as soon as possible if appropriate. The juvenile shall be released as soon as the danger has ended. Cell confinement for control for more than one hour shall require the approval of the superintendent or designee. If the juvenile is held in cell confinement for more than one hour, the superintendent or designee shall personally visit the confined juvenile before the juvenile has been confined for 6 hours, excluding hours between 8:00 p.m. to 7:00 a.m., and at least once every 6 hours thereafter until the juvenile is released from cell confinement. Documentation of cell confinement and required approvals shall be made a part of the juvenile's record.
 - 2. A juvenile may be confined to his or her own cell for discipline or control only as follows:
 - There may be no additional loss of privileges, and reading, recreational and educational materials shall be provided unless there is reason to believe that these materials will be damaged or their presence presents a danger to the juvenile.
 - No juvenile may be placed in cell confinement for more than 24 consecutive hours without medical authorization based on a finding that further confinement will not harm the juvenile.
 - A written or electronic log of cell confinements shall be recorded and maintained.
 - ♦ A juvenile may not be placed in confinement in a cell designed for the administrative or disciplinary segregation of adults.
- Use of restraints and control devices
 - 1. Instruments of restraint, such as handcuffs, leg irons, restraint chairs, and straight -jackets may not be applied as treatment or punishment. Restraints and control devices may only be used with the approval of the superintendent for prevention of escape during transfer, for medical reasons by direction of a health care professional, or to prevent juvenile self-injury, injury to others, or property damage.
 - Instruments of restraint may not be applied for more time than is necessary to achieve the purposes under par. (a).
 - 3. Staff shall examine restraints and other control devices to assure proper use and operation. Staff shall not use restraints or other control devices which are defective or excessively worn.
 - 4. Documentation of use of restraints and control devices shall include the reason for and duration of use.
 - 5. Officer and other staff shall receive training on the use of restraints and control devices under s. DOC 346.21 (2).

MAINTENANCE OF JAIL, SANITATION AND CARE OF JUVENILES

DOC 346.17 Sanitation. The operational plan under s. DOC 346.04 shall contain policies and procedures for sanitation, including all of the following components:

FOOD SERVICE:

- No person who is known to be infected with a disease in a form that is communicable by food handling may be employed or work as a food handler in a facility. If the superintendent suspects that a person has a communicable disease that may be transmitted by food handling, the superintendent shall exclude the person from working with food and, in the case of a reportable communicable disease defined under s. DHS 145.03 (4), shall notify the local health authority immediately.
- No person may use tobacco in food storage or food preparation areas, or while serving food.
- All persons who work in food service areas shall wear clean garments and clean caps or hairnets, and shall keep their hands clean at all times when engaged in the handling of food, drink, utensils or equipment. Particular attention shall be given to the cleaning of fingernails.
- Adequate and convenient hand washing facilities shall be provided for use by persons working in food services areas, including hot and cold running water, soap and approved sanitary towels. Use of a common towel is prohibited.
- ♦ All milk and milk products served shall be pasteurized and shall be from sources certified as grade A.
- No spoiled or contaminated food may be used.
- All raw vegetables, fruits and poultry shall be thoroughly washed in clean water.
- All purchased meats and poultry shall be from sources that are subject to federal or state inspection.
- ♦ All ice used for cooling drinks or food by direct contact shall be from a safe public water supply and stored and handled to prevent contamination.
- Food shall be prepared by methods that conserve nutritive value, flavor and appearance.
- Food shall be covered or protected when in transit.
- Food and drink shall be stored in a clean, well-ventilated place protected from insects, dust, vermin, overhead leakage, sewage backflow and other contamination.
- Staple foods and bulk supplies of flour, sugar and similar ingredients shall be stored in metal or plastic containers with tight-fitting covers once the original container is opened.
- Food shall be stored at least 6 inches above the floor on clean surfaces to permit cleaning underneath and to protect from splash and other contamination.

- ◆ All readily perishable foods, except when being prepared or served, shall be refrigerated at or below 40° F.
- Dishes, glassware, utensils and other food use or service equipment shall be stored in an area protected from contamination.
- Tables, cooking and working surfaces and food contact surfaces of equipment, including multi-use utensils, shall be thoroughly cleaned and sanitized after each usage.
- The walls, floors and ceilings of all rooms in which food or drink is stored, prepared or served, or in which utensils are washed shall be kept clean and in good repair.
- Ventilation fans, oven hoods and ducts shall be kept clean and free of grease.
- Animals shall be kept out of the kitchen, pantry or places where food is handled or prepared.
- All garbage and kitchen refuse which is not disposed of through a garbage disposal unit connected with the sewerage system shall be kept in leak-proof, nonabsorbent containers with close-fitting covers in areas separate from those used for preparation and storage of food. The contents shall be removed as often as necessary to prevent decomposition and overflow. Garbage containers shall be reasonably clean and show no evidence of accumulated grease of longstanding.

Comments: Food service is provided by Aramark through the La Crosse County Jail. The menu is reviewed by a registered dietician, and two of the three meals are hot.

UTENSIL CLEANING:

- In manual washing, dishes and utensils shall first be pre-washed and then shall be washed in hot water at a temperature of at least 100° F, containing an adequate amount of an effective soap or detergent. Water shall be kept clean by changing it frequently. Sanitizing all utensils following hand washing shall be done by one of the following:
 - 1. Submerging all utensils for 30 seconds in clean water maintained at a temperature of 170°F or more.
 - 2. Submerging all utensils for rinsing in hot water at a minimum temperature of 100° F to remove soap or detergent, then submerging for at least 2 minutes in a hypochlorite solution with a chlorine solution concentration of at least 100 parts per million. A different chemical sanitizing solution may be used if approved by the department. Soaps, water softeners, washing compounds and detergents shall not be added to sanitizing solutions. All utensils shall be air-dried after sanitizing.
- ♦ Mechanical washing of utensils shall be done as follows:
 - 1. Utensils shall be stacked in racks or trays so as to avoid overcrowding and in such a manner as to ensure complete washing contact with all surfaces of each article.
 - 2. The wash water temperature of utensil washing machines shall be held from 130° F to 150° F.
 - 3. A detergent shall be used in all washing machines.
 - 4. For sanitizing in a spray-type machine, dishes shall be subjected to a rinse period of 10 seconds or more at a temperature in the supply line of the machine of at least 180° F. For sanitizing in an immersion-type machine, dishes shall be submerged for 30 seconds or more with the water at the temperature of 170° F or more. There shall be a constant change of water through the inlet and overflow.
 - 5. Thermometers shall be located in both the wash compartment and rinse water line, in such locations as to be readily visible. Thermostatic control of the temperature of the rinse water shall be provided in new equipment.
 - 6. The pressure of the water used in the spray washing and rinsing shall be 15 to 25 pounds per square inch at the machine nozzles.
 - 7. Utensils shall be allowed to air-dry in racks or on drain-boards.

Comments: All utensils are cleaned at the La Crosse County Jail by Aramark services.

INSECT AND RODENT CONTROL:

- ♦ All outside openings shall be covered with wire screening of not less than number 16 mesh or its equivalent and shall be properly maintained to prevent entry of insects. Screen doors shall be self-closing.
- All means necessary for the elimination of vermin shall be used.
- ♦ All poisonous compounds used in the extermination of rodents or insects shall be clearly labeled as poisons. Poisonous compounds shall be stored in a locked area separate from food, kitchenware, and medications.
- Poisonous or toxic materials may not be used in a way that contaminates food, equipment, or utensils, or in a way that constitutes a hazard to juveniles, staff or other person, or in a way that is not in full compliance with the manufacturer's labeling.

DOC 346.24 Medications.

- The operational plan under s. DOC 346.04 shall contain policies and procedures developed in consultation with health care professionals, relating to the control, administration, and delivery of prescription and nonprescription medications, including all of the following components:
 - 1. Process by which security staff or health care professionals verify and determine the necessity of medications brought in by juveniles or other persons for a juvenile.
 - 2. Process for continuing administration of verified medications.
 - 3. Process for the inventory and secure storage of all medications brought into the facility.
 - 4. Consent of a juvenile's parent, guardian or legal custodian shall be required for treatment, except in the event of an emergency during which a parent, guardian or legal custodian is not available.
 - 5. Administration or delivery of prescription and nonprescription medications to juveniles, including identification of staff authorized by the facility to do so.
 - 6. Documentation of the administration or delivery of medication to a juvenile. The documentation shall include the type and dosage of medication, the name of the practitioner who prescribed the medication, the name of the person who administered or delivered the medication, the date and time of administration or delivery, and any refusal by a juvenile of recommended or prescribed medications.
 - 7. Return or disposal of a juvenile's unused medications inventoried upon admission or unused non-facility provided medications received by the juvenile after admission.
 - 8. Inventory and disposal of unused facility provided medications upon the juvenile's release.
 - 9. Delivery of insulin for juveniles who are insulin dependent diabetics.
- Drugs requiring parenteral administration shall be prescribed by a practitioner as defined under s. 961.01 (19), Stats., and administered
 by a health care professional, except juveniles who are insulin dependent diabetics may be permitted to self-administer insulin
 injections.
